**RE: Nora Gathering, LLC – Hurricane Creek Compressor Station  
NESHAP Subpart ZZZZ Initial Notification**

Dear Ms. Bazyk:

Nora Gathering, LLC (Nora Gathering) owns and operates a natural gas compressor station located near Haysi, Dickenson County, Virginia. The Hurricane Creek compressor station is currently regulated as an area source of Hazardous Air Pollutants (HAPs).

On October 19, 2010, EPA's most recent revisions to the Reciprocating Internal Combustion Engines (RICE) NESHAP at 40 CFR 63 Subpart ZZZZ (NESHAP ZZZZ) became effective. Based on a review of the finalized rule, initial notifications are required for existing stationary spark ignition RICE that are located at an area source of HAPs pursuant to §63.6645(a)(2). However, pursuant to §63.6645(a)(5), stationary RICE that are not subject to numerical emission standards are not required to submit an initial notification. Nora Gathering operates stationary SI RICE at the Hurricane Creek compressor station that are subject to initial notification requirements; therefore, attached please find the applicable information required for an initial notification pursuant 40 CFR §63.9(b).

If you have any questions or comments about the information presented in this initial notification, please do not hesitate to contact me at (606) 437-2272 or via email at [josborne@eqt.com](mailto:josborne@eqt.com).

Sincerely,

NORA GATHERING, LLC

Jennifer Osborne  
Environmental Coordinator

cc: EPA Region III

**ATTACHMENT**

**NESHAP ZZZZ INITIAL NOTIFICATION**

**Initial Notification of Applicability**

National Emission Standards for Hazardous Air Pollutants:  
Stationary Reciprocating Internal Combustion Engines  
**40 CFR part 63, subpart ZZZZ**

☒ Yes, I am subject to 40 CFR part 63, subpart ZZZZ National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines

NAICS code(s): 211111

Compliance Date: ☒ Existing (before 6/12/2006) source: Oct 19, 2013

☐ New/reconstructed (on or after 6/12/2006) source: Upon initial startup

**Note: The Oct 19, 2013 compliance date for existing sources applies to the following engine types:**

- Existing stationary spark ignition (SI) RICE with a site rating of less than or equal to 500 brake HP located at a major source of HAP emissions
- Existing stationary SI RICE located at an area source of HAP emissions

Company name: Nora Gathering, LLC

Facility name (if different): Hurricane Creek Compressor Station

Facility (physical location) address: near Haysi, Dickenson County, VA

My facility is a (please choose one): ☐ Major source ☒ Area source

Owner name/title: Nora Gathering, LLC

Owner/company address: 748 North Lake Drive, Prestonburg, KY 41653

Owner telephone number: (606) 437-2272

Owner email address (if available): josborne@egt.com

If the Operator information is different from the Owner, please provide the following:

Operator name/title: Same as owner

Operator telephone number: Same as owner

Operator email address (if available): Same as owner

Brief description of the stationary RICE at the facility, including number of engines and the site-rated HP of each engine:

- **Compressor Engine #1 – Caterpillar Model G3512TA**
  - 4-stroke lean burn engine, 675 hp
- **Compressor Engine #2 – Caterpillar Model G3512TALE**
  - 4-stroke lean burn engine, 835 hp

I hereby certify that the information presented herein is correct to the best of my knowledge.
